Pans & Lids (See back page)

Weights/Dimensions. etc. for all Accessories are on back page

(Foods should be fully cooked and already hot before being placed on Warming Trays or in Buffet Servers, which are designed for keep-warm function only. Our Buffet Server chafing pans (pans only, not the lids) may be used to cook/ heat foods to serving temperature in an oven, and then covered and transferred to the Warming Tray or Buffet Server for keep-warm.)
